1. The King is Dead. 2. Who could better demonstrate the popularity of Bubble-Yum than Jackie Feehan, junior? 3. Many people missed Farrah Fawcett-Majors when she left "Charlie's Angels." 4. Fleetwood Mac's album "Rumours" held first place on the charts for many weeks. 5. Vans became more popular than ever this year. 6. "Star Wars" became the biggest money-making movie of all times, with some students seeing it as many as twelve times.

1. Fall sweaters are long, flowing and beautiful on Penny Wells. 2. Jim Robbins and RuthAnn Keener say three-piece suits were their favorites for fall. 3. Blue-jean Boogie! 4. Ozzie Branch steps out with a shimmering top hat and cane, while Kathy Bunch, Mary Frank, and Amy Smith look great in their fall attire.

Whether they wore boots, suits, or long sweater, UT students adorned the halls with fashion!

Styles change every year and this year was no different. Girls stopped hiding underneath slacks! Instead they slipped into stylish dresses and dressy three-piece suits.

Guys, too, switched to three-piece suits, or jumpsuits. Fashion seemed important to the guys this year. A male student was even seen wearing a carnation in his lapel one day in the cafeteria.

The only thing we can really predict about fashion is that it is always unpredictable.

1. Guess who's behind the specs? What does the "K" stand for? The answer is all in the eyes. 2. What's fall fashion? It's a striped sweater and a pair of chocolate cords for Lloyd Fletcher. It's a jumpsuit guacho for Mary Beintema, a peasant top and skirt for Jennifer Flowler, and a jumpsuit for Earl Teague. 3. Whether it's fur, leather, or wool-Sue Sandoval, Kim Klinefelter, and Leonard Schwiegen have it all.

1. North Campus and South Campus are joined together in the homecoming assembly for a change. 2. The enthusiasm at pep assemblies tops that of recent years. 3. Students tagged George Coon, parking lot supervisor, with the name "Buford." 4. Hot lunches invite students to stay in school at noon. 5. Victory for Panthers in Game #1! 6. Theresa Harker enjoys pizza and milkshake for her lunch break.

Everyone knew the year would be different, and it was. With a new superintendent came new rules, regulations, and lines to toe. Classes were fuller and students learned to accept responsibility for their actions.

The year was different in so many ways . . . a hot lunch program, more and better assemblies, teachers in the hall between classes to smile and greet you, and in general an all-around good feeling.

1. North Campus students help to fill the gymnasium with cheers during the combined homecoming assembly. 2. Dr. Thomas Parker gradually becomes acquainted with all UT facilities, including the greenhouse where geraniums are in bloom. 3. Dr. Parker and Reinhard Thiel, foreign exchange student, enjoy the beautiful weather at the homecoming parade.

# DIVISION'S DIFENDER

1. Barb Miller and friends showed up in full force for nighttime float-building. 2. Some workers bent chicken wire while others papier mache'd. 3. Michelle Poelvoorde is in a sticky situation. 4. Only 18½ hours until parade time. 5. The UT band was literally "all wet" after rainy home games.

# ENT!

1. Pep assemblies were better than ever this year. 2. Another junior does her part to help win second place. 3. How much of this spray paint do you think actually got on the float?

## SONGS FOR MARY AND KAI

The joy and excitement that was felt by King and Queen Kai Togami and Mary Adlfinger could hardly be expressed in words. Mary said, "To be queen for a day was one of the most fantastic days of my life because it was like a whirlwind; everything surrounded me." Kai exclaimed, "To be King for a day was fun but tiring, and it was one of the high points of my senior year." Together Kai and Mary agreed, "We had the best court that we could have asked for."

Prince Brent Mosley and Princess Tammy Shamsie felt it was an honor to be chosen and they will always have this memory to look back on. Tammy said, "It made me realize how important my friends are and how much UT means to me." Brent added, "I must have had friends that I never thought I had before."

Royalty, a memory, an honor, a dream come true!

KERRY DUFF

Homecoming royalty are (1) King Kai Togami, Queen Mary Adlfinger; (2) Dan Kinkead, Connie Vallejo; (3) Dan Baxter, Ann VanZanten; (4) Jay Robers, Beth Bollaert; (5) Mike McGuire, Lorretta Medina; (6) Kurt Simmons, Erin McCarter; (7) Dave Sheley, Anita Ayala; (8) Mike Jacobs, Mary Jean Vyncke; (9) Rick Cappaert, Kris Young; (10) Prince Brent Mosley, and Princess Tammy Shamsie.

## PUFF'S CAVE LURES DANCERS

A stroll down 'Cherry Lane,' breaking into an array of silver stars, musical notes, and flowing gowns, was only the beginning of a successful 1977 homecoming dance.

The band, "Something for the People," supplied fast-moving jazz tunes, which emphasized the theme, "Songs in the Key of Life."

Refreshments, mints and punch, were served in 'Puff's Cave,' alias study hall B.

The night was full of happy times and special moments which are recorded forever in minds, diaries, and scrapbooks.

1. Couples dance to "songs in the key of life." 2 Carol Bert, senior, and escort reflect back on their full-filled homecoming weekend. 3 Dirk Carlson, as always, is having a great time. 4 Princess Tammy and Prince Brent are introduced. 5 Queen Mary and King Kai smile during what will be one of the most special moments of their lives. 6 Skyline editor, Annette Henry, relaxes at the dance after a hectic job of covering homecoming activities.

## FALL MAGIC IN THE AIR

No time of the school year is more exciting than fall!

When cooler weather comes, the air carries a scent of burning leaves. Pumpkins are lined up on porch steps, and the first frost touches the ground. It's magic! A certain kind of magic—**FALL MAGIC!**

The spirit is everywhere and in everyone. The homecoming festivities are filled with excitement and emotion.

Voting for royalty, laughing at the homecoming skit, crying when the queen and king are announced, skipping class to put finishing touches on the class float, lining up along the street at the parade, and watching the band at the homecoming game . . . they are all part of that magic.

STEVE BOYER

1. The king goes to try and beat the devil out of Central. The queen and princess go back to cheer. And the prince goes to the sidelines to nurse a football injury. 2. Panther players win first place in chili competition. 3. Freshmen take first place, too. 4. An incoming back includes Central tackler, but the Devil Stags won to win.

# CUPID AND COMPUTERS MATCH MATES FOR DANCES

## Valentine Dance

Do you have the "Boogie Fever", Valentine? The Valentine Dance was held February 14 in the South Campus cafeteria. The dance was a disco, with KIIC disc jockey Rick McGuire as host.

The dance was sponsored by Student Council, who also provided pretzels and potatoe chips for those with the munchies.

Red and white streamers and a mirage of red hearts as decorations helped set the mood for love.

ANN BARLOW

## Computer Dance

Your date will be computed in approximately five seconds . . . and the computer reads: John McGeehee and Andrea Hoff a perfect match! John and Andrea were two of the many couples that attended the computer dance on January 19.

The dance was a success! As Barb Miller said, "The dance was a good way to meet people. It was very unique because we were one of the first schools to do something like this." Nancy VandeWiele said, "It's too bad it limits the number of people you could be matched up with."

The group "Onex" were the entertainers for the evening, and whether your match was perfect or not, it really didn't matter.

KERRY DUFF

1. Mr. Jose Diaz is always a supporter of student council activities.
2. Mike McClure sees another dance through as president of student council.
3. "Love Is a Many Splendored Thing" was the feeling at the Sweetheart Dance, as Scott Culley and Sharon Holmes reign as King and Queen.
4. The Computer Dance matched such great couples as Jeff Benzon and Terry Dhaemers.
5. Don Allison and friends await their perfect matches.

2

1. All those who attended the Computer Dance had fun comparing numbers to see who their "ideal mate" was. 2. Student Council puts on dances everyone enjoys. 3. The Computer Dance may become an annual event due to its success. 4. The 1978 Prom is based on the theme "Gone with the Wind", with colors of scarlet and ivory. 5. Closeness is a part of every dance. 6. The hallway is always the favorite gathering place before a dance.

## OUTDOOR FUN CHASES AWAY WINTER BLAHS

Skiing from a steep Colorado slope, iceskating in the moonlight, daredevil tobogganing between the trees, snow sculpting, snow mobiling, or plain ol' snowball fighting-they're all winter sports that UT students and faculty enjoyed during the winter months.

Fun is why these sports remain popular year after year. They are also, for the most part, inexpensive.

The only winter sports that involve money are skiing and snowmobiling, though participants agree it's all worth it.

Chestnut Mountain Ski Resort near Galena, Illinois is the closest and most popular resort for UT students. Skiing popularity is by no means "going down-hill"! More and more people are taking up this sport year after year.

Snowmobiling is on the rise too, but is not so popular among UT students-mainly because a snowmobile is more expensive than the average student can afford.

These average students stick to the old standbys-snowball fights, iceskating and sledding. The daredevils may try something new like bumper skiing.

BETH MARCH

1. The popular sport of skiing is enjoyed by Tony Castricone, senior. He is a frequent visitor to Vail, where he has taken lessons. 2. Brent Moseley takes advantage of the snow packing conditions and takes part in a snow ball fight during lunch hour. 3. Tobogganing is fun for the "Boulder Twins", Steve Pratt and Chris Kickapoo. 4. Iceskating is a favorite past time of speed skater Penny Draper. 5. John McGehee demonstrates his skiing style.

**S**ummer is one of the many times when everyone says, "What is there to do? I'm bored!" Well, there are many summer sports, such as tennis, swimming, baseball, motor cycle riding, horse back riding, and water skiing- all which fill the summer with competition and fun.

Baseball is one of the many sports guys and girls can participate in together. Mike Beaver, Junior, said, "I play baseball during the summer because it's fun."

After a hot day in the sun playing baseball, why not cool off and go swimming? Thom Sanchez, Junior replied, "I swim to cool off on hot days and I like to watch the bikinis go by."

KERRY DUFF

## SCHOOL'S OUT? SPORTS FILL SUMMER VOID

1. Serving is always a favorite part of tennis for those who "love" the game, as Kirby Tuttle does. 2. Whether in competition or just for pleasure, Lori Holmes puts out her best effort. 3. Always wanting to improve is a necessity to any golfer, whether he is competing or just practicing. 4. Few people have Phil Curless' hobby, and few are as brave as Kathy Bunch. 5. During the summer many participate in Karrie Ghuys favorite sport of swimming. 6. Once again Annette Henry proves that water skiing does have its ups and downs.

## WHERE IT'S AT AFTER-THE-GAME

"Five . . . four . . . three . . . two . . . one . . . it's the end of the game.  
Fans, another victory for the Panther name!"  
But the announcer looks up and finds no one there;

Once-filled bleachers are now completely bare.

"This happens every week where I live, everyone goes?"  
Well, some go to the Pizza Hut and sit in the Happy Joe's.  
They go there to laugh and grub down on some food;  
There is pizza to please almost everyone's mood.

Some like to go to a party to celebrate;  
While others want to be alone with their special date.  
Guys with hot-rod cars like to cruise the avenue;  
Revving-up their engines just to show what they can do.

Some spend all their time deciding where to go;  
While others rush to catch some seats for the late, late show.  
Whatever people fancy, whatever they think is right,  
You'll find them right after games on Friday night.

KELLY BLUFF

If you're trying to find someone after the game, . . .  
1. If you're rich there is one good place to start. 2. If you're broke there is one sure way of getting something to eat — fake a birthday at Happy Joes.  
3. How do you tell a quarter-pounder person? After a game, they all turn into McDonalds. 4. Hungry Hobo sandwiches can satisfy the "munchies" of even the biggest eaters.

EVERYTHING'S

# DIFFERENT

1. Joe Collins and company found it hard to stay out of trouble in their four-wheelin' jeep. 2. Robin Davis seems to be thinking "only 99 more days left of school." 3. Hey! I'm supposed to be SKYLINE photographer . . . not you! 4. Four of Mrs. Conger's prize journalism students pose with their class mascot. 5. All dressed up with no place to go.

# FNT friends!

1

1. Seven guys and one girl? Some girls have all the luck! 2. Carla Perry listens intently to "The Shadow." 3. Steve Dusslières' wry wit continues to entertain UT students. 4. Someday maybe they'll get this à la carte business straightened out.

## CLASS OFFICERS ENJOY WORKING HARD FOR SCHOOL

"This year's council is really a working bunch of kids," comments Scott Culley, senior class president. The officers are happier with the council members this year than they have been in the past. They all agree that there are more members this year who are willing to work for the school.

The senior class officers, Scott Culley, president; Keree Neibergall, vice-president; Joan Nicholson, secretary; and Laurie Lapaczonek, treasurer have a variety of interests.

Scott likes to keep busy with a job and the responsibilities of senior class president. He is very interested in music and has participated in U.T.'s bands for four years. He has sung in the choir for two years. Scott was selected for the

United States Honor Band and also for the Music Hall of Fame. He intends to go to college after high school to study ministry.

Vice-president Keree Neibergall's main interest is athletics. She often bowls but enjoys all sports. Keree is also a volunteer for the Youth Service Bureau.

Theater is the main interest of Joan Nicholson, secretary. Joan acts as assistant director under Mr. Schmidt. She has performed at the Quad-City Music Guild and has had roles in U.T.'s productions. She is also historian of the Honor Society.

The treasurer, Laurie Lapaczonek enjoys swimming and horseback riding. She is a member of the G.A.A. board, Y-teens, band, and orchesis.

Senior class officers are Keree Neibergall, vice-president; Laurie Lapaczonek, treasurer; Joan Nicholson, secretary; and Scott Culley, president.

## "BOOTS" WALKS OUT WITH LAST

Take a ride out to the middle of nowhere Monday through Thursday night of Homecoming week and you might just stumble onto the senior's float construction.

"These Boots are Made for Walking" was the title of the senior float this year, or so at least that's what the seniors thought. Evidently someone thought differently. One night someone changed the title of the float to be "This Float was a Mistake." Whether responsible or not, the seniors had to be given the credit for this.

After winning the last two float competitions, the seniors lost their chance of extending the winning record this year. The class of '78 came in last place.

BETH MARCH

## THEY'RE IN NATION'S TOP ONE PER CENT

Over one million students from more than 17,500 secondary schools took the PSAT/NMSQT in 1976. Mark Henry and Tom Lampo were named finalists in the Merit Scholarship competition.

Over 14,000 finalists compete for the 1,000 National Merit \$1,000 scholarships and 2,900 four-year scholarships which are awarded in the spring.

Rob Watters, counselor, honors Mark Henry and Tom Lampo, finalists in the Merit Scholarship competition.

# EXCHANGE STUDENT BLENDS WELL WITH STUDENT LIFE

**K**ind, a good sense of humor, and fun to be with describe Luis Quérino, foreign exchange student from Brazil. Luis was popular and blended well into student life during his stay at UT. "I like to meet people and get involved", he stated.

Luis came to UT in February. While in the United States his sponsor families were Mr. and Mrs. Leo Foust, Mr. and Mrs. Richard Puffer, and Mr. and Mrs. Lyman Prettyman.

One of the things Luis enjoyed was his summer trip across the western United States sponsored by the Rotary Club. He also enjoyed snowmobiling and seeing snow for the first time.

Foreign exchange students are constantly asked to point out differences between our country and theirs Luis, however, responded by saying, "People are the same . . . all over the world."

UT students will say goodbye to a friend when Reinhard Thiel returns home to Germany.

## AMERICAN EXPERIENCE AWES GERMAN EXCHANGE STUDENT

"Just coming to America is the most exciting thing that's happened so far" said Reinhard Thiel, foreign exchange student from West Berlin, Germany.

During his visit here, Reinhard stayed with Mr. and Mrs. Paul Kester and their daughter Karin. In his spare time he enjoyed sports, games, parties, keeping in shape, and watching football and soccer on TV.

Reinhard attended "Jesus Christ Superstar," and the movie "Starwars." He visited St. Louis with some friends and the Amana colonies with the German Club. Before going home to Germany this summer, he will tour the United States with other foreign exchange students.

The first things Reinhard plans to tell his family and friends about after arriving home in Germany are about his American family, the way of life in America, and all its differences. When asked what one thing from America he would like to take home to Germany, Reinhard replied that it would probably be the fact that we can get our license to drive at age 16. In Germany the age is 18, and training is not offered through the school.

Reinhard admits that he was apprehensive of his trip to America. "It's quite an experience," he said.

## HER FUTURE IN SCIENCE AS SHINY AS HER MEDAL

**D**onna Stamp, senior, is this year's recipient of the Bausch-Lomb award. This award is a bronze medal given to a senior who shows promise of success in a science-oriented future occupation.

Donna has taken a variety of science classes throughout her high school years. During her freshman year she was in survey science. In her junior year Donna took honors chemistry and botany; and in her senior year Donna took honors physics and zoology.

In the future Donna wants to major in forestry with a second major or a minor in agriculture; these are both science-oriented fields.

Donna commented after receiving her award, "I was surprised, I didn't know I'd be getting it."

KERRY DUFF

Each year the Bausch-Lomb award is presented to winners at more than 8,600 participating schools in the United States and Canada. Donna Stamp was the recipient at UT.

## LATE NIGHT STUDY PAYS OFF

1. Top Ten students in order of class rank are Tom Lampo, Tracy Hill, Mark Henry, Cheryl Stribling, James Hill, Tina

Grove, Steven Sutton, Karl Taubbee, Shari Fink, and Donna Stamp.

They're average students in all respects except for one . . . they're UT's top ten scholastic achievers.

No, they don't wear extra thick glasses or carry an armful of books with their heads buried in and their noses peaking out. In fact, they are so average that 60% fill their extra hours with a parttime job.

Study secrets and strategy . . . they each have one that suits them best. Jim Hill, number 5 in the class, said: "I usually just keep repeating my notes until I learn them." Tina Grove, number 6, and Shari Fink, number 9, still agree that late night cramming is their best bet.

It doesn't come easy for anyone to rank in the top ten, though. After finding out they had a chance to be on top their freshman year, all have worked hard to remain there.

## VIRTUES REWARDED WITH ANNUAL DAR AWARD

Dependability, service, leadership, and patriotism — these qualities determine good citizenship. The DAR award stands for these virtues.

Mary Jeanne Vyncke was chosen to receive this year's DAR award. The senior class voted for whom they wished to receive the award. The names of the three top vote-getters were then presented to the faculty. The faculty selected the one student they felt would best represent the school as its Good Citizen. The Good Citizen then vied for Illinois Good Citizen and for the National Good Citizen.

Mary Jeanne has been active in GAA, Panther Players, tennis, badminton, Letterman's Club, National Honor Society, and homecoming royalty. Mary Jeanne was also chosen to attend a summer government seminar as a junior.

After graduation, Mary Jeanne plans to enter Southern Illinois University and study liberal arts.

"Having been in a class with so many eligible recipients, it's an honor to be chosen the DAR award winner," said Mary Jeanne.

## HER PEN IS MIGHTIER THAN HER SWORD

Lorna Spencer is a girl in her own write! As editor of the Key and a free-lance writer, she spends about fifteen hours a week writing.

Lorna has had fifteen poems published in the Quad-City Times, the first when she was fourteen. One of her poems was chosen for publication in a national magazine. She won honorable mention in the Mississippi Valley Poetry Contest and was an award winner for the 1978 Miss Teenage America Candidate-At-Large Competition.

The most important book to Lorna is her copy of the 1978 Writer's Market. She has sent poems, a play, and songs to publications listed there.

"Writing is what I enjoy most," said Lorna. She said that she first became interested in it at an early age. She traces her interest back to her great-grandmother, a teacher, who read poems to her.

Her plans are to attend Marycrest College, where she will be majoring in communications on a scholarship.

## DON'T GET LOST IN THE WOODS WITHOUT MARGARET

It's not very often you find a girl interested in forestry, but UT has one.

Margaret Montgomery, senior, got interested in forestry two years ago on Career Night at Blackhawk College.

Margaret says there is more to forestry than just being a forest ranger. She would like to study first management and then the water system of the forest. She wants to work in Shawnee National Forest.

Margaret will study at Southern Illinois University in Carbondale, Illinois for four to six years.

She plans to major in science and get her Bachelor's Degree. She hopes to return later for an advanced degree.

Margaret has received a \$400 scholarship from the Rock Island Conservation Club to help further her education. She also participated in a summer conservation camp last summer near Anna-Jonesboro, Illinois.

## LIGHTS . . . CAMERA . . . ACTION . . . ROLL 'EM! YOU'RE ON, TED

Imagine hosting a television show on which you are about to interview a judo instructor. To help with the demonstration, you walk up to a nine-year-old student, stick out your hand, and WHAM!!! . . . you're on the floor. This is an experience Ted Richard, senior, has had on the Junior Achievement program, "On the Air."

This year Ted served as president of the WQAD-sponsored JA group, Videographics Unlimited. He is in his third year with this group that learns the problems and rewards of television. His group hosts, produces, and directs twenty half-hour shows a year. They make money by selling advertising time on their show.

Ted is priming himself for a career in TV production. He produces a JA news publication and is studying journalism. He also picks up professional advice from broadcasters in the hall after the show.

# LONG LIST OF AWARDS FOLLOWS SENIOR ATHLETE

"Mike Jacobs has been an outstanding athlete for us," said Mr. Gene McCarter, athletic director.

In Mike's four years of football he has received many honors. He was named Most Valuable Player in his freshman year; best lineman in his sophomore year; and All Big 6 honorable mention his junior year. Awards during his senior year include Most Valuable Player, Captain, All-Metro team, All Big Six team, and Western Illinois All-Star team. He was also voted to play in the Shrine game.

Of all honors, Mike said that his "making 177 tackles in football was the greatest thrill of my

life."

Mike also achieved major success in wrestling. His sophomore year brought him third place in the Western Big Six, and junior year he was voted most valuable JV wrestler. He won the Dixon and Quincy finals and the Exchange Club wrestling meet.

Mr. Bert Hanlin, wrestling coach, said, "Mike's greatest asset is his great desire to complete and to win".

KERRY DUFF

In addition to being a mayor's son, Mike Jacobs shines as a successful athlete. He has won football and wrestling honors.

## SOME WILL GO TO COLLEGE BUT HE'LL GO TO BELGIUM

It is very unusual when a UT student takes up residence in a European country. It is even more unique when that residence is in Belgium.

Senior Richard Bergez will move to Belgium after graduation. He gained much attention from the local news media when he was left in America to spend Christmas without his family, who left for Belgium in December.

Richard stayed to finish high school at UT. "I feel a high school education is important," said Richard. In Belgium, mandatory schooling is over

at the age of 14."

Richard's father grew up in Belgium and lived there until he was 21. Then he moved to America. "My father just decided he wanted to go back home," said Richard.

What the future holds for Richard in Belgium he doesn't know. "I'll have to see how I like Europe." Whether he'll ever return to the United States is undecided.

## WHAT WILL MR. SCHMIDT DO WITHOUT HER?

Joan Nicholson, senior, is one of the rare people who has given so much for little recognition.

While others are standing under the stage lights soaking in audience applause, Joan is sitting quietly in the assistant director's chair. She has been assistant director for "Fiddler on the Roof," "Camelot," and "Menaechmi," a one-act play that took fourth place at Illinois state finals. She has also been ticket manager for play pro-

ductions all four of her high school years.

Mr. Michael Schmidt, theater director, said "To state the worth of Joan Nicholson in less than an essay would be impossible. She is most competent and saves work for me."

Joan is also a member of Music Guild and student director of Orchesis. She plans to take some theater courses in college and hopes to come back to be active in community theater.

KERI FRANCOIS

Joan Nicholson has been assistant director for three plays.

## PENNY'S A SPORTS FANATIC

Perhaps the most rewarding thing you can do in high school is to become involved in extra curricular activities. Penny Draper most certainly has enjoyed her share of extra curricular activities, particularly sports.

During her high school career, Penny has participated in every sport available to girls, with the exception of tennis, bowling, and golf. These sports include field hockey, volleyball, basketball, softball, and track. She earned her varsity letter in track as a freshman.

After her graduation, Penny says one thing she'll miss will be UT's sports program. "I'll miss UT's sports program very much, not only because I had so much fun and a lot of happy times in it, but also because there were some super people

involved with it. The coaches were really great, not only as coaches, but as friends."

Penny doesn't plan to stop her sports career when she graduates. She plans to continue her athletic activity in college too. "I'll probably try out for volleyball, basketball, and softball," Penny said.

CHERYL PITTMAN

Penny Draper, voted Most Athletic by her classmates, has been an active participant in nearly every sport offered to girls.

## HIS FUTURE IS AS PRETTY AS A PICTURE

"A man that has a taste of music, painting, or architecture is like one that has another sense, when compared with such as have no relish of those arts."

Joseph Addison

Mike Tarrant, senior, expresses his talent for artwork through his drawings and acrylic painting. Mike has produced over 20 paintings since his junior year. He spends more than 20 hours a week on his artwork.

Mike became interested in the art in sixth grade. He had taken a watercolor class during the summer which was held at the Davenport Art Gallery. Mike also took drawing and drawing theory at Blackhawk College the first semester of his senior year. And second semester he took

jewelry making at Blackhawk College.

Through United Township, Mike has taken Art I and II, acrylics, drawing, watercolor, and commerical art.

Mike was selected by Mr. Small to receive a week's scholarship to Monticello to take general art courses. He was sent by the East Moline Women's Club.

His future plans include continuing his artwork as he plans to go to Cleveland Institute of Art, a five-year college. After college he hopes to either go into commerical art or magazine illustration.

Darren Evans, a member of the 1977 state-qualifying cross-country team, truly enjoys running.

## HIS GOAL IS TO COMPETE IN THE BOSTON MARATHON

THE YEAR OF THE MARATHON MAN! No running sport in history has grown so quickly, so well, or so enthusiastically!

Darren Evans, the Marathon Man of United Township, runs an average of 100 miles in a week, or 15 miles a day. As a member of the cross-country team, Darren won 6 trophies, 80 ribbons, and 15 medals for long-distance running.

Darren says, "I haven't stopped running for four years, unless I was sick or injured." He ran the mile-run in four minutes and twenty-six sec-

onds his junior year; his goal is to run it in four minutes and fifteen seconds. He also runs the two-mile, and his goal is to run it in nine minutes and fifteen seconds.

In the future, Darren hopes to attend Lewis University in Lockport Chicago. It is the only college that has a Marathon team of its kind in the U.S. His goal is to compete in the Boston Martathon. Darren says, "You can do anything if you put your mind to it! I put my mind to running and I'll do it. I tried it, and I'm liking it."

## EXCHANGE STUDENT FROM U.T. NEVER HAD IT SO GOOD

Dear Friends,

Hello!

I just thought I'd write you a letter and give you a general idea of what my life in Australia is like. I've been living here in Sydney since August. The population here is 3.2 million so it's a bit different from East Moline. The first thoughts I had when I saw Sydney were of its size and beauty. It sits on the coast and has a near tropical climate.

When I arrived at my first home I thought I'd faint! I'd been awake for over 36 hours and here I was looking at a \$500,000 home with two pretty girls in the driveway. Later I found out the family also owned a Rolls Royce, Mercedes, Volvo, Lo-

tus, and a Datsun. Also my bedroom overlooked the swimming pool!

After being shown to my bedroom with its own bath, I took a shower and started exploring. I was informed that the family, as a surprise, had decided to take me snow skiing for a week. I was in love with Australia within two days of my arrival!

Your friend,  
Leo E. Foust

UT students missed classmate Leo Foust, who spent his senior year in Australia. This is an excerpt from a letter which he sent in the fall.

# DANCE . . . DANCE . . . DANCE THEY KEEP ON DANCIN'

Since early childhood they Mexican danced. Recently they started disco dancing. In the future they hope to keep on dancing.

At the ages of 6 and 5, Gilbert and Mary Frank began Mexican folklore dancing. Since then, Gilbert and Mary have danced yearly at the Annual Mexican Fiesta in Silvis. They perform Mexican dances throughout the Quad-Cities including winning UT's 1977 Student Council talent show. They also traveled to Fort Madison, Iowa to take part in the Mexican Folklore Festival.

Gilbert, a senior, and Mary, a junior, are not only Mexican folklore dancers but accomplished disco dancers. The duo has won three dance contests at the Omni disco, capturing the top prize of a \$500 vidie game set in addition to cash

prizes. "We create our own disco routines," said Gilbert. "We see steps we like on American Bandstand and Soul Train and change them around."

Voted Best Dancer by his senior classmates, Gilbert taught a disco dance class with Ms. Nadine D'Angelo on Mini-Course Day. After graduation, Gilbert said he has thought about pursuing a career of professional dancing.

## OFFICE GIRLS AREA 5 WINNERS

"The excellence which these girls have achieved is an accumulation of four years of office skills," said Mrs. Helen Stiegel, office occupations teacher, of the Area 5 office skills winners.

The Illinois Office Education Association sponsored an Area 5 office skills contest on February 13. Area 5 includes members from office occupation classes of Moline High School, Rock Island High, and UT. They are tested on such skills as typing, filing, shorthand, accounting, and clerical procedures.

State contests were held March 11 at Ill. State University at Normal. All State winners were eligible to attend the National O.E.A. conference.

The Area 5 office skills winners are Jody Whitehair, Sandy Chandler, Sena Ropp, Cindy Lundein, Joyce Rogers, Wendy

Miller, Mary Durnell, Chris Mathes, Lynn Perry, Debbie Hall, Ann Connolly, and Terri Wright.

## HE'S THE GUITAR MAN

**W**hen looking for talented seniors here at UT, Paul Lopez surely stands out. He is lead singer and lead guitarist in three bands.

Paul's bands are Los Latinas (in which he has played for four years), Mark V, and Solomunlace (a newly formed group). He practices four hours a day with Solomunlace and travels to places like Galesburg and Ft. Madison with them. They play rock-and-roll, Latin-American, and a few blues.

When he was eight years old he became interested in the guitar. "Everyone in my family likes music," said Paul. He played onstage with his

brother's group at the age of eleven and also performed with a gospel group.

Paul plays the classical Spanish as well as electrical guitars. His electric guitar is a limited edition worth close to \$1,000.

"Being in a band is great experience and the pay is great," said Paul. He makes \$50-\$60 each night for an appearance.

"I want to make music my life," he said. But Paul is also very interested in welding and perhaps will pursue that as a career.

## WHAT A THEATER BACKGROUND

Nine out of twelve sounds like a pretty good record. Right? It's a great record for Carol Bert, senior, who has scored parts in nine out of twelve UT plays.

Inspiration and encouragement to act came from Carol's sisters who were both involved with theater, although she became interested in acting while in grade school.

Carol's first play in her freshman year was *Peter Pan*. Next came *Italian Straw Hat*, then *Roar of the Greasepaint and the Smell of the Crowd*.

At the beginning of her sophomore year, Carol was more interested in working backstage. She helped in making costumes, acquiring props, and applying actor's make-up. In the last show of the year Carol returned to the stage as Nettie in *Pure*

as the Driven Snow. Carol was also elected secretary of Panther Players.

Junior year Carol was in *A Thurber Carnival* and *Camelot*. She also starred in *The Meneachmi*.

During the summer of her junior year, Carol had a major role in the Quad-City Music Guild's production *A Little Night Music*. Prior to this Carol had worked at The Music Guild, but this was her first major role.

Vice-president was Carol's post in Panther Players her senior year. She was a rabbit in the first comedy of the season, *Harvey*. Carol also played the role of Hodel in *Fiddler on the Roof*.

After a good high school background in theater, Carol plans to continue acting in summer theater and college.

LEONARD SCHWIGEN

Carol Bert has had parts in 9 out of 12 plays.

# IMPROVED STUDENT-TEACHER RELATIONSHIPS GOAL OF PRESIDENT HUGHES

The highest office in the land is that of the Presidency. Bill Hughes, junior class president, isn't Jimmy Carter, but then UT isn't the White House, either.

Kory Togami fills the shoes of Walter Mondale at UT. Instead of Press Secretary Jody Powell, there is Rhonda Corell; and instead of Burt Lance, thank heavens for Terry Greer.

Although President Hughes did not have the Panama Canal Treaty to deal with, he met other challenges. He cited better student-teacher relationships, increased attendance at student council meetings, and a larger realm of activities to include everyone as major goals for the year.

KONNIE FLOYD

Junior class officers are Bill Hughes, president; Kory Togami, vice-president; Rhonda Correll, secretary; and Teri Greer, treasurer.

"Lots of fun" could well have been the theme for the building of the junior class homecoming float. The theme actually was Elvis Presley's "Return to Sender".

The workers took enjoyable breaks from twisting napkins and bending chicken wire by playing football and soccer.

The students also amused themselves by singing or dancing to the radio, having a few spray paint fights, running downtown for sandwiches or spying on the other floats. They even had a bout with a small mouse, which they chased around the yard with a board and staple gun!

Many students showed up to help with the float-building, which took place at Mary and Edina Deiterich's house.

The finished product, even after all these crazy antics, managed to capture second place in competition.

ANN BARLOW

"Return to Sender" won second place for the juniors.

## FINGER-PAINTS TO OIL PAINTS

Darrell Bush, junior, graduated from finger-painting long ago and now he enjoys oil painting. He likes to paint seascapes, caricatures, and cartoons. This artist has entered his paintings in various contests, such as The Rock Island County Arts and Crafts Show. He won first place with a boat painting and third with a deer painting. Another contest he competed in was at The Garden Center, Riverside Park.

Darrell hopes that the Institute of Art in Chicago will be the next step after high school. He would like to major in commercial art.

No longer is Darrell smearing his crayons on walls. But look around, you may see him painting murals on vans instead.

Derrick Hicks has boxed some of the best boxers in the United States.

## GETTING INTO THE RING IS ONLY HALF THE BATTLE

No feeling can give an athlete greater satisfaction than knowing he is better prepared, both physically and mentally, than his opponent. A boxer, among all other sportsmen, strives to reach this plateau.

Derrick Hicks, junior, is a boxer who knows the joy, sadness, and satisfaction that comes from his sport.

Above all, he knows the importance of practice. Getting into the ring is only half the battle; practice is the other half. Derrick sometimes practices as much as fourteen hours a week. His practice pays off by winning tournaments and

fighting with some of the best boxers in the United States. Derrick has traveled to Ohio to compete at the Ohio State Fair, the largest boxing tournament in the U.S. He placed third in the lightweight division of this tournament.

Derrick finished first in the lightweight division of a sectional tournament in Silvis and placed second twice in the Junior Olympic tournament at Sterling in '76 and Jacksonville in '77.

Losing is a part of boxing and of life. But for a well-trained boxer like Derrick Hicks, the wins are not far apart.

Like mother . . . like daughter. Dad also plays sax and clarinet in his own band.

## IT'S ALL IN THE FAMILY . . . THE SCOTT FAMILY, THAT IS

**C**hris Scott, first place alto qualifying for Illinois All-State choir competition in Chicago, is following in her mother's footsteps.

Mrs. Gwen Scott, attendance clerk at south campus, has been a professional singer for many years. She sang on WOC-TV and Radio from 1956-1960. In World War II she sang in the Clinton Veterans' Hospital.

Mrs. Scott has been a member of the Quad City Music Guild for twenty years and is still very active. She's performed in approximately 18 shows such as "Follies", "Sound of Music", "Fiddler on the Roof", and "Mame." Her most recent role was this past summer when she

played Mama Rose in "Gypsy".

Her daughter has played the flute and saxophone in the school band for six and seven years respectively. She has sung in choir for six years.

Because of Chris's musical talent and her mother's influence, she has developed an interest in the Quad City Music Guild. She has been going to the guild with her mother since the age of three. In 1972 she worked backstage in her first show "Fiddler on the Roof". Chris appeared in "Gypsy" and "Take Me Along".

Both Chris and Mom will appear in "Kiss Me, Kate" at Music Guild this summer.

An all-around athlete, Mark Owen has received 18 medals for wrestling.

## WRESTLER OWES SUCCESS TO SPECIAL DIET AND DAD

Jingle, jingle, jingle . . . a noise that's often heard in the halls of UT. But what is it? Is it a bell? Is it a chime? No . . . it's Super-Owen, wearing his letter sweater laden with medals.

Mark Owen, junior, has been wrestling for five years. In these five years he has received 18 medals. He wrestled in Wisconsin and Iowa during the summer, and he continues to wrestle in school during wrestling season. Mark's opponents have often been two to three years older than he.

In the five years Mark has wrestled, he has pinned over fifty opponents. Mark credits much of his success to his dad's help. "My dad puts me on a diet consisting of meat, lettuce and fruit. For

a sweet, he makes me special cookies containing pre-digested protein and oatmeal," said Mark.

Mark lifts weights to keep in shape for wrestling. His favorite sport is body building, and he hopes to make a career of it. He lifts 18 hours a week during the summer and 6 hours a week during wrestling and football seasons. Mark bench presses 325 pounds and his goal is 400 pounds. He also hopes to be the Illinois State Champion again.

This all-round athlete, who received a varsity football letter his sophomore year, has brought sports recognition to UT and himself.

## IT'S NO TOSS-UP WHEN BRENT COMPETES

Brent Allmendinger is a state champion frizbee thrower.

For most people, throwing a frisbee is something they don't do very much of. But, for Brent Allmendinger, junior, the frisbee is a part of his life.

What started as tossing the frisbee around in the yard has developed into the state frisbee championship for Brent.

His first competition came against some area frisbee tossers in the Rock Island Whamo-sponsored tournament on July 29, 1977.

After claiming the overall championship in Rock Island County, Brent went on to North Chicago where he won the state tournament for his age group. To win the state tournament, Brent was tested on his catching ability and throwing accuracy. The distance of his winning frisbee toss was 80 yards.

The summer of 77 state victory made a great impression on Brent's frisbee throwing career, but as for his future tossings — they're kind of "up in the air".

## SOPHOMORE CLASS OFFICERS TELL OF RESPONSIBILITIES

Sophomore class officers are (front) Kelly Duff, Annette Nagel; (back) Kathy Miletich, and Tom Bollaert.

**O**ver a Big Mac and french fries, Skyline reporter Kerry Duff interviewed the sophomore class officers to get an insight into how it feels to be a class officer.

"The reason I ran for office," said President Kathy Miletich, "is because it's my way to give my most to the school." Kathy has been on Student Council for three years; she served two years as president and one year as vice-president. She most enjoys taking charge of the meetings and coordinating work on the float.

Tom Bollaert, vice-president, is in charge of the sophomore committees. Kelly Duff is secretary. And Annette Nagel is treasurer. All three say the best thing about being a class officer is that they are close to the activities. They also enjoy the leadership.

Each officer takes pride in the responsibility he or she is given. Whether it is to take charge of the meeting, handle correspondence, or keep books on deposit slips, these officers take pride in the jobs they were elected to do.

KERRY DUFF

## "STILL THE ONE" SOPH THEME

Amid a lot of laughing, talking, and shouting, the sophomore class began their work on the float. After tearing down their framework and reconstructing it, the sophomores were a day behind the rest of the classes, causing them to work most diligently.

Orleans' hit song, "Still The One" was chosen to be the theme for the sophomore float, and they were off and working after their slight delay.

The usual stuffing of napkins was done, along with the messy paper machéing. Even though it was cold outside, the sophomores stuck with it. Brenda Glay stated, "It's absolutely freezing," but kept right on working.

As freshmen, the sophomores placed fourth in float competition and this year they placed third. If the class of 1980 keeps on improving each year, senior year should bring a great victory.

## IT STARTED AS "JUST A LITTLE MUSIC IN THE BASEMENT" AND NOW IT'S THE UT UNLIMITED BAND.

**I**t all started when Bobo Butler, his father, and Andre Cuerington got together and played a little music. There was Darren on the lead guitar, Andre playing electric organ, and Mr. Butler playing bass guitar. Following that session Mr. Butler said, "Fellows, you ought to get a drummer." Darren and Andre did just that . . . and more . . . when they formed UT Unlimited Band.

The band has been together for less than two years. The membership now stands at eight. The members, in addition to Darren and Andre, are Tyrone Adams, playing the bass guitar; Poncho Johnson, beating congos; Eddie Tapia, blowing

trumpet; Joe Tapia, playing drums; and Tawana and Theresa Jackson, singing popular tunes.

Between times spent on school work and various sports activities, the band finds time to practice. The rule they've developed is, "School comes first, sports second, and the band third."

Though the practices are few and far between, the band manages to play the top hits. This makes the group favorites wherever they play — be it dances, parks, or talent shows.

Not bad for a band that started with "just a little music in the basement."

## GOOD THINGS CAN HAPPEN IF YOU RUN AROUND WITH JEANETTE CLARK

Countless hours of practice paid off for trackster Jeanette Clark when she and three other members of the UT track team took first place at the 1977 Girls' State Track meet.

Voted Most Improved athlete of the '77 season, Jeanette practiced hours upon hours in preparation for the highly competitive meet. "When I realized that we were going to win, I knew that all those hours of practice had finally paid off", said Jeanette.

Jeanette ran in four events: 440-yard relay, 880-yard medley relay, and the mile relay.

The relay team placed third in the 440 and the

medley relays, second in the mile relay, and first in the 880 relay.

It is very rare for a freshman to make varsity squad of any sport. It is rarer for a freshman to be on the number one team in the state.

There is tremendous pressure at a state track meet, but Jeanette endured it with this attitude: "I was nervous and didn't know how to perform, so I just tried to be natural."

That philosophy helped Jeanette lead the relay team to the first team championship ever won by a UT track team.

## WD9SQQ, I PRESUME?

When you want a radio you buy one. Right? When Al Comito, sophomore, wants a radio he makes one. Al actually makes his own amateur radios and transceivers.

Al is a member of the Amateur Radio Explorers program in Silvis and has a license to operate his own radios. He also takes the electronics course at UT.

Talking to people across the United States is not unusual for Al. He has talked to people from Maine to California. He carries on an average conversation as WD9SQQ.

Although rates are not cheaper on the weekends and after 9 pm, Al enjoys this method of communication.

## FRESHMAN HARRIER SHAMSIE WINS VARSITY LETTER

Terry Shamsie runs 50 to 60 miles a week during cross-country season.

Terry Shamsie has a genuine love for running. Terry runs junior varsity and varsity cross country against people three to four years older than he.

Terry, freshman, first got interested in distance running two years ago and has progressed greatly since. Because cross country is a grueling sport requiring much stamina, Terry practices almost everyday, running a total of fifty to sixty miles a week during the season.

Terry's biggest problem is his small size. When the course is flat, he is outdistanced by longer-legged opponents. However, running on hilly courses, Terry has an advantage over the taller

opponents.

Cross country head coach, Mr. Gary Phillips, says about Terry: He's a good little runner. We've only had four or five other freshmen to earn varsity cross country letters. As soon as he grows a bit, he'll be outstanding."

Cross country is not Terry's first love. "I like track a little better," he says. When the spring track season begins, Terry hopes to run the two-mile and the mile runs.

Whether harrier or trackstar, Terry Shamsie is sure to be one of UT's premiere runners.

Our sophomore class lost two members this year. Terry Jett died of leukemia in the Summer of '77. Chana Dorman died Oct 31, 1977.

Chana Dorman enjoyed all types of sports and social events. She was very involved in her church where she taught Sunday School and served as an usher.

## HEY, FRESHMEN GUYS! STUDENT COUNCIL NEEDS YOU

Campaign buttons and posters filled the halls of North Campus in the spring of '77. "Go With Melanie", said a colorful stoplight. "Write To The Point With Maria", read another poster. The votes were tallied, and Lisa Snauwert emerged as the freshman class president.

Lisa, not one to sit around, is involved in many activities. Gymnastics is an important part of her life, as are cheerleading and playing the guitar.

After a close race, Melanie DeDecker was elected to the position of vice-president. Melanie is a member of the golf team and also belongs to Y-teens.

With lots of support, Maria Petaros was voted in as class secretary. An enthusiast, Maria is involved in field hockey and softball. She also

enjoys bike riding.

Cheryl Weidenmann arose as freshman class treasurer. Cheryl is a member of the girls' tennis and track teams.

All four officers have previously been officers for their junior high schools. Each admits that her first impression of North Campus, with its long and winding halls, was a negative one. But now that they've adjusted to it, they share an optimistic outlook.

The freshman student council is almost complete, but there's one thing missing . . . guys! In the whole freshman student council, there is only one male delegate.

## FRESHMEN WIN FIRST PLACE WITH "COLD AS ICE" FLOAT

The freshman float was first-place winner in the homecoming parade.

" You're as Cold as Ice" if you don't know by now that the freshman class float won first place in class competition.

Everyone involved with this freshman project was well-organized and worked hard to get the job done.

Although the title of their float was "As Cold as Ice", there was plenty of hot chocolate donated to keep them warm as toast.

Few people knew each other at the start of float building, but everyone became friendly working side by side.

President of the float committee, Lisa Snauwart, said, "Everyone got along well, and it wasn't just one group of friends . . . it was a lot of people!"

The freshmen were pretty sure of themselves before they heard the final decision. Their first experience with float-building proved that they were no "Foreigners" (the group who recorded the record) to homecoming activities.

KRIS COX

Tracey Wright is a natural born instructor on the balance beam.

Frustrated, yet giggly, nine girls line up awaiting their turns on the balance beam, acrobat mat, and parallel bars.

No, they're not UT gym students. They are little girls between the ages of seven and ten. They are students in an acrobat class taught by Tracey Wright, freshman, at the Moline YWCA.

Tracey has been taking gymnastics since she was five-years-old. She started out with a somersault, as did her own students. Now she is trying to master a fullback flip with a twist.

Tracey practices four hours a week, thinking of and imitating her idol Nadia Comaneci. Tracey has no dreams of the olympics, but she hopes to compete in gymnastics in the future.

Tracey states: "I'm grateful to my mother for starting me out in gymnastics as young as she did, because I totally enjoy the sport; it keeps me in good condition; and I enjoy teaching children."

## SHE COULDN'T STAND HEAT SO DIANE GOT OUT OF HER MOTHER'S KITCHEN

"If you can't stand the heat get out of the kitchen." This goes for all girls, especially female mechanic Diane Decock, freshman.

Diane is a fifteen-year-old girl who would rather check the oil in a car than cookies in an oven. She is content working eight hours a day on one car.

What other freshman girl has taken apart engines and put them back together? Or has rebuilt a carburetor? Or has changed the oil in a car and given grease jobs?

And to think it all started by handing her brother tools while he worked on his car. Her

mother, of course, wanted Diane to help in the kitchen — not in the garage.

Auto mechanics class will be at the top of Diane's schedule in her junior year. After high school, her goals are aimed at Wyoming Institute of Technology for further study in auto mechanics.

Encouragement comes from Diane to all girls interested in auto mechanics. She gets teased a lot for being a female mechanic, but likes the recognition.

## JUNIOR OLYMPIC SWIMMER AT UT

The swimmers line up. Karrie Ghuys, freshman, is in lane number two. She's tense and a little nervous, but ready. The whistle blows and Karrie, graceful and sleek, skims over the water.

Anyone observing the meet can tell Karrie is no beginner. She is a member of the Blue Marlin swim team and has earned 209 awards.

One of her biggest wins was at the YMCA district meet where she was a member of the winning 100-yard medley team. Another was at the Junior Olympic swimming tournament in Oak Park, Illinois where Karrie finished sixth in the 100-meter backstroke.

Karrie practices about two hours a day. She is only a member of the team, but has earned the rewards of individual effort.

## KAREN TOPS IN TENNIS

**F**irst place is the best, but right now number four means more to Karen Weidenmann.

Karen is the number four singles player on the girls' tennis team. This is the highest position any freshman has ever played. Karen has also attained the best record of any freshman at UT. She won the chance to compete in the state finals this year.

To benefit Karen in fall tennis, she participated in many summer tournaments, including the Quad-Cities Open, the Quad Cities Closed, and over forty other tournaments. She has won twelve first places, eight second places, and three third places.

Karen does not always work alone. She is teamed up with sophomore Lori Holmes to make up the UT number one doubles team a good portion of the time.

# SOME CHEERLEADERS MORE THAN JUST PRETTY GIRLS

Tracy's ability to perform difficult stunts has taken her to tumbling meets across the state.

Cheerleaders are just pretty girls who smile a lot, cheer loud, and can do a few flips. Right? Wrong.

Tracy Hopkins, freshman, is much more than the stereotype implies. She is a pretty girl who smiles a lot and cheers loud, but not only can she do a few flips—she can do five sets of alternates. This means she does a back handspring, back aerial-back handspring, back aerial combination . . . five times. She also performs such difficult stunts as five back aerials in a continuous row and a roundoff-twist aerial for a finish.

Tracy works out not only at cheerleading practice, but also travels to Kewanee for lessons coached by Patti Lingenfelter. Her coach encourages her to try difficult stunts.

Tracy started taking gymnastics when she was young to build up her strength. "I was a weak child," she said.

It not only built up her strength, but took her to tumbling meets across the state and made her an outstanding U T cheerleader.

## TRANSITION WAS SMOOTH INTO NEW ADMINISTRATION

A smooth transition into the new administration, headed by Dr. Thomas Parker, was the major goal of the 77-78 school board. The major thrust of the new administration would be the total enforcement of all school regulations.

Maintaining a balanced budget was another of the school board's goals. Through careful planning, the board held down expenses while simultaneously keeping the school furnished with the necessary learning materials.

The school board implemented instruction by evaluating the school's staff and curriculum through North Central Evaluation.

The board continuously worked for improved communications between the staff, students, administration, and the community by setting up goals with the aid of parents concerned with the education of students.

The lifted morale of the students shows that the board's goals are being achieved. Improved behavior, attendance, and a positive attitude in school are some of the results of the school board's efforts to improve the student body and make U T the best school in the area.

CHERYL PITTMAN

"I try to be visible-not only to students, but also to the teachers."

It's no mystery person who made this statement. Dr. Thomas Parker, new superintendent at UT, is not hidden behind any administration door. Instead, he often sits in on club meetings, eats with the students in the cafeteria, waves, smiles, and says a friendly "hi" when passing in the halls.

Dr. Parker has assumed this role of visibility because he feels that in order to make the right decisions, he must find out first hand what's happening outside his office.

Dr. Parker is very pleased to be a U T. "The school board is super and the kids and teachers are equally great," he stated.

When he came to U T, he saw the need for change. Wasting no time, he made the necessary changes, such as initiating stricter behavior policies.

Self-discipline and a positive attitude are needed for the student body, according to Dr. Parker. He hopes that his relationship with the students will teach respect and authority, but at the same time provide a comfortable feeling.

BETH MARCH

Mr. James Hall is a gourmet chef.

## MR. HALL SETS THE KITCHEN ON FIRE WITH HIS FLAMING CHERRIES JUBILEE

**P**ssstt . . . Hey you! Come here a minute. If I tell you something, you promise you won't tell anyone? Okay, here it is . . . Mr. Hall . . . yes, Mr. Hall, the earth science teacher is a gourmet chef! Plus, he's a great wine maker!

What do you mean "how do you know?" He told me! Mr. Hall says beef stroganoff, Duck ala orange, and chicken kiev are his favorite dishes. But, what really sets off Mr. Hall's dishes is the wine he makes to add to the flavor. He says that he makes all kinds of wines, but grape and cranberry are the easiest. Mr. Hall serves his wine at parties and to friends. His hobby of wine making is inexpensive (35 cents a fifth) and fun.

Being a gourmet cook has its advantages and disadvantages. Mr. Hall has worked as a cook for a state farm, where he cooked for 2,000 people, and also at Hawkeye Boys State, where he cooked for 800 people.

Did you happen to be at the YMCA the night Mr. Hall almost set it on fire? He was making flaming cherries jubilee and the stove caught on fire. WOW! He's had quite a few experiences.

Mr. Hall has been cooking and making wine for a little over four years now. His wife and he both enjoy it. What a hobby!

## THERE'S A '57 CHEVY IN HIS DRIVE AND A '31 MODEL 'A' IN HIS GARAGE

About fifteen years ago, Mr. Jim Small, art teacher, bought his first antique car for \$250.00. He later sold this 1931 Model A Coupe for considerably more.

With the Model A's profit came an undying love for old cars that is still going strong today. Mr. Small now owns two antique cars, a 1931 Model A roadster and a '57 Chevy two-door.

A special affection is bestowed upon his Model A, a convertible. It was in good condition when he bought it, but after hundreds of hours of restoration it is now in mint condition and worth over \$11,000.00.

The roadster has been taken to four shows since its completion. It has taken "best-of-show" all four times.

Whenever Mr. Small acquires another car he spends approximately two hours a night restoring it until it is finished.

## GYM TEACHER DOUBLES AS SKI PATROL DIRECTOR

Mr. Eldon Partridge has been a regular member of the ski patrol in Galena for 9 years.

During the weekends and in his spare time Mr. Eldon Partridge, gym teacher, is the director of the ski patrol at Chestnut Mountain Lodge near Galena, Illinois.

Mr. Partridge has been a member of the patrol for the past 9 years and the director for the past five years.

The main duty of the ski patrols is to give first aid to the skiers, no matter what the injury might be. The risky part of the job is that the person on patrol has to ski to wherever the injured skier is stranded. Thus, to be on the patrol, you must be an excellent skier.

Mr. Partridge has taken many Red Cross first aid courses to help him in his position.

The most common injuries to the skiers are broken arms and legs. Of course, sometimes it becomes serious, and that's when Mr. Partridge and the ski patrol do their highly specialized job.

When the patrol does save someone's life, they know that all the hours of hard work have paid off.

## MODEL AND JANITOR??

A physical education instructor at North Campus fills her spare time with two extremes-modeling and doing janitorial work.

Meet Mrs. Pat Peterson . . . model, janitor and PE teacher. She enjoys doing all three and it's obvious. She says that she likes modeling because it feels good to know you can continue looking good.

Often a part of Mrs. Peterson's modeling is her husband. They both model for Ada Gafney Shaff.

Mrs. Peterson has modeled some very expensive clothes, the most expensive being a \$4,000 fur. She gets paid as much as \$20.00 an hour for modeling.

On the other end of the extreme is her partime janitorial job in Rock Island, which believe it or not, she also enjoys.

GEORGINA PUENTES

There's nothing like wearing a \$4,000 fur, even if you are only modeling in it.

## GOVERNMENT TEACHER RACES CYCLES, TOO!

Mr. Gary Wagle has raced everywhere — Sterling, Peoria, and Morrison.

What do teaching government at UT and riding a motorcycle have in common? Nothing actually, except that Mr. Gary Wagle does both.

He taught himself to ride and got his first motorcycle fifteen years ago. He began motocross racing ten years ago.

Mr. Wagle races on closed cross-country courses with jumps and difficult terrain. Today he also has a street machine and participates in enduro racing. This is a race against the clock . . . across country, on and off the road . . . and is similar to a sportscar rally.

A member of the Tri-City Motorcycle Club, which promotes sport motorcycling, he races in the midwest around Sterling, Peoria, Morrison, and the surrounding area. The competitors range in age from their early teens to fifty years.

The protective gear used in motorcycling is similar to that used in hockey and football; it includes gloves, helmet, and face mask.

Over the years, Mr. Wagle has had a few small injuries, won five or six trophies, and has spent a lot of money on motorcycling.

## SHE HELPED TO START CONSUMER ED

Mrs. Ardell Johnson retires this year after teaching for twenty-three years in Illinois schools.

Dashing through the snow in a one horse open sleigh . . . Recognize that song? Mrs. Ardell Johnson is quite familiar with it, as she hums this popular tune while baking Christmas cookies — one of her favorite pastimes at Christmas time.

Mrs. Johnson retired this year after spending her last year of teaching at UT. Mrs. Johnson has taught Consumer Education, Con-

sumer Mathematics, all four typing classes, Shorthand, and bookkeeping. She has been at both campuses, and helped start the consumer education program.

Mrs. Johnson taught for twenty-three years in Illinois and Iowa public schools, two of which were in a business college. She was also the go-between for the American Field Service adult chapter and has housed two

AFS students.

The future looks bright for Mrs. Johnson because she will always carry her fond memories of teaching school while she partakes in other things she enjoys such as reading, lots of handcrafts, and just relaxing.

## ON-THE-JOB LEARNING WITH CO-OP

Distributive Education, Diversified Occupations, Office Occupations, HERO club, and Agri-Business are five co-op classes available to UT students.

Distributive Education helps students who have jobs at such places as Haag Drug, Bond Walgreens, gas stations, or any retail business.

Diversified Occupations was first started in 1968. The program helps students on jobs such as mechanics, illustrators, nurse's aides, doctor's aides, etc.

Some of the Office Occupations Club activities included holding a bake sale and sponsoring a car in the homecoming parade. They also sold Tom Wat miscellaneous items, from which money was contributed to the Goodfellow's Christmas fund. The Office Occupations Club attended a state conference in April.

The major HERO club activity was the annual employer-employee banquet.

Agri-Business travelled to Washington, Iowa for a farm progress show, sold stadium cushions, and made posters for new recruits.

# WORKERS SPEAK HIGHLY OF CO-OP

A variety of co-op courses is offered to UT students. Through these classes, students get jobs in which they learn and gain experience in the field of work in which they are interested. Part of the student's grade depends on reports from their employers.

Larri Fox works as a veterinarian's assistant. "I want to be a veterinarian, so my job is good experience," says Larri, whose co-op class is agri-business.

Mike Riley, senior, is also in the agri-business co-op class. Mike, who works as a greenhouse assistant, says of his job: "It's given me good training for college and the job I want to do later."

From the diversified occupations class, Tim Wassell obtained his job as respiratory therapist at Illini Hospital. "The exposure to the hospital atmosphere is important," said Tim, who wants to study medicine.

Sandy Sherrard, senior, works at Illini Hospital. Sandy, a nurse's aide, says this of her job and the co-op program: "I intend to go into nurse's training, so from my job I'll learn the basics of nursing. I don't think I could even have been hired as a nurse's aide if I hadn't been in co-op."

Terry Luten, senior, works at Lutheran Hospital. There she is a dietician, preparing food for patients. "It's a tough job if you don't know what you're doing, but I like it because I deal mostly with patients," says Terry, whose co-op class is home economics related occupations (H.E.R.O.)

Equipping boats is Mike Snyder's job at Ted's BoataRama. Mike says, "I like the job because that's what I want to do later in my life; that is, work in mechanics." Mike is in the D.O. class.

Having to go to both school and work, it may seem that students don't have time to adequately concentrate on their school work. Marty Coe, who works in the mailroom at the Daily Dispatch and is in the D.O. class, says: "I find time for both my schoolwork and my job. The Dispatch knows I go to school, so they let me have time to study."

The co-op program is very beneficial to U.T. students, according to Larri Fox. "The program is really great. For some it's an easy grade, but for others it's really worthwhile."

# COUNCIL ADDS COMPUTER AND TURKEY DANCES TO CALENDAR

Order in the court, order in the court . . .

Mike McClure, student council president, doesn't need to say "Order in the court." The atmosphere at student council meetings was under control this year as parliamentary procedure was strictly enforced.

Mike said, "We've got a bunch of hard-working people now that we've added some order to the meetings."

Student Council met once a week for organization of activities inside and outside of school. The inside school activities included dances, such as the homecoming dance. It hit an all-time high with over 400 people in attendance. This year was the first time a charity dance was held. The Turkey Dance proceeds went to a charity that area churches set up.

Other efforts of the student council were the computer dance, mini-course day, and student council week.

# ORCHESIS DANCERS ENTERTAIN AT HALF-TIME

When you put a group of hardworking, creative dancers together, add a little fun and a lot of practice, you come up with Orchesis.

There were 18 Orchesis members — all girls who practiced in school five hours a week and then after school almost every night. Imagination, strength, and endurance are three qualities that Orchesis members possessed.

# GIRLS' ATHLETIC ASSOCIATION OPENS MEMBERSHIP TO BOYS

Something new and different has happened to GAA-everything is co-ed! All units offered are now opened to both guys and girls.

Mrs. Pat Peterson, four year sponsor of the association, said: "It's working fine as co-ed, but because the organization's name is Girls Athletic Association, boys are hesitant to come out."

This year's GAA membership boasts approximately 80 members who participate in the units of their particular interest. Units offered are softball, swimming, volleyball, bowling, disco dancing, and flag football.

One fund raising event for the organization was the selling of candy in the fall. GAA also sold carnations on Valentines Day. They sponsored a Christmas party at an area rest home in addition to holding their annual spring dance.

Mrs. Peterson said GAA is an important program. "I think this school needs a good intramural program for kids who aren't superstars in sports. GAA provides this."

## THEY'RE NO FOREIGNERS TO CLUB FUN

Dances, trips, fund-raising activities, songs, education, and a whole lot of fun are what the foreign language clubs are all about.

The three clubs, German Club; Spanish Club; and Spanish Honor Society are made up of students with one common interest, a foreign language.

The German Club is the most active of the three clubs. Each of the approximately twenty members paid one dollar for dues and went to the Amana Colonies for Oktoberfest. Juniors and seniors went to Jumers for a Christmas dinner. The club sold German candy.

The Spanish Club is a newly formed organization at U T this year. Spanish Club members attended the performance of the Spanish Flamenco Dancers.

Spanish Honor Society is for students with a 3.8 average in Spanish and who are a U T student in good standing. Their biggest event of the year is the annual candlelight initiation of the juniors.

# CHANGES ARE RECORDED IN SKYLINE

**C**hanges — we all go through them. Sometimes we change a great deal and sometimes so very little. Keeping in mind this theme, the Skyline staff had little trouble finding examples of this within the school.

The '78 Skyline went through many changes . . . two new co-editors, Lisa Miller and Annette Henry . . . more color . . . feature stories highlighting students . . . teacher features . . . larger staff . . . more student photography . . . new camera . . . new darkroom . . . just to name a few.

Some things never change. This year's adviser is still Mary Conger, whose famous line is "we're never going to make this deadline if you all don't keep busy." But somehow we always made it.

This Skyline annual, with the theme "Everything's Different", records the changes in the world around us so that we can better understand the changes within us.

## INVOLVEMENT IS 'KEY' WORD

### XTRA-XTRA READ ALL ABOUT IT . . .

The place to read all about it is the Key. The object of the Key staff this year was to produce a newspaper for the students and to get them more involved in school activities.

"Involvement" was the "Key" word, as the new adviser (Mrs. Sue Kocanda) and co-editors (Lorna Spencer, senior, and Margaret Montgomery, senior) came up with new ideas for student interests. Such innovations were The Eye Game, Mystery Student, and the Ecology Sketch columns.

Twenty students attended the Key meetings on Tuesdays and Thursdays. Although twenty students are a good size staff, Margaret says, "The students that don't attend the meetings don't realize how hard it is to print the school newspaper."

# SPEECH COMPETITION LURES NORTH CAMPUS STUDENTS

Speech Club is an organization that is up and coming at UT. Sponsored by Miss Judy Blix and Mrs. Paula Petersen, the Speech Club membership grew this year due to a surge of interest among North Campus students.

The club met every first Wednesday of the month to set up practice sessions for the upcoming meets. Tournaments were held in as faraway places as Normal, Illinois during the season which lasted from October to March.

Chara Benson, junior, commented "Speech Club is growing, but not enough yet. We need more involvement from the students."

Kathy Horton, junior, echoes Chara's thoughts, "Even though we have more members this year, I think Speech Club needs to be brought out of the dark because it's really fun."

President of the club, Martin Dawson, senior, believes speech is an important part of education. "Speech Club is quite an experience. It has changed me a lot by building up my self-confidence. I'm no longer afraid to speak in public."

If the speech club members are having fun and learning at the same time, maybe the rest of us are missing something.

# LETTERMEN HELD ACCOUNTABLE UNDER NEW POINT SYSTEM

**S**tudents who have earned a varsity letter by displaying their talents in a particular sport are eligible to become members of Lettermen's Club. Perhaps the best way to identify a letterman is to look for a person clad in a white sweater with orange and black lettering on most any Friday.

The Lettermen's Club is sponsored by Coach Cliff Talley with the occasional assistance of Gene McCarter, Athletic Director.

There is always some fighting excitement and fighting fatigue at the start of Friday morning's meetings, then the members of the Lettermen's Club give their undivided attention to president

Kurt Simmons and secretary Keree Neibergall.

In order to participate in the final activity of the year, club members must have accumulated a certain number of points. Points can be obtained by attending meetings, ushering at games, and helping with money-making projects.

Lettermen do much more than just attend meetings and usher at football and basketball games; they also hold car washes, go to college basketball games, have picnics, and sell hats and pizzas.

## MEMBERSHIP LIMITED TO THOSE IN GOOD STANDING

We've all seen them — the kids that belong to the National Honor Society. They walk through the halls with their T-shirts bearing the Honor Society insignia, but just what is The National Honor Society?

The members of the National Honor Society, under the advisement of Miss Loryann Eis, got together and raised money for the poor and needy. Some of the activities they held were car wash, bake sale, dance, and hay rack ride.

But the National Honor Society is more than that. It's a group of specially selected and invited students who work together for the betterment of themselves and those around them.

This year's president, Mike Woodruff, summed up his year on the Honor Society: "I've enjoyed National Honor Society as a club and the prestige to serve on it. I also hope the club as a group can leave an impression on the school as being a hard working group of students who had a lot of fun while doing something that means a lot to them."

### HIGH SCHOOL BOWL

"What is the title of both a comedy written by Aristophanes and a movie directed by Alfred Hitchcock?"

If you can correctly answer this question, perhaps you are a good candidate for the High School Bowl team. After sponsor Miss Pat Petersen interviews teachers to find their opinions concerning students worthy of competing in High School Bowl, she selects five. Theresa Burgland, Joe Billquist, Gerald Carlson, Jeff Zoller, and alternate Teri Greer comprise UT's '77-'78 High School Bowl team.

The team practices twice before appearing on television, listening to questions and sharpening their reflexes in order to press their buzzers before the opposing team does. At the television studio, they practice ten minutes with the television personnel, answering sample questions before going on the air to compete with other area high school teams. Once on the air, the competition lasts for half an hour.

In the High School Bowl, one loss eliminates the team from further competition. There are five matches leading up to the championship, consisting of such trivial questions as this one worth ten

points: "If you witnessed the controlled emission of thick smoke by an aircraft aloft which formed a message that was readable below, what would you be witness to?" The answer to this question (of course) is skywriting. The answer to the first question about the title of both a comedy and a movie is "The Birds." The answers were on the tip of your tongue, right?

### UTHS VISITORS TO ROTARY

Every month two senior boys are selected for UTHS Visitors to Rotary. Every Thursday for a month they attend a two-hour luncheon, which is given by a men's organization for the community.

During the luncheon they have a guest speaker. At the meetings the Junior Rotarians sit with businessmen they've never met before and talk and get to know each other. On the fourth Thursday the student gives a speech and tells what he learned by attending the luncheons.

# CLUBS SPAN INTEREST RANGE FROM GUNS TO WELDING

## Rifle Club

Not only is Rifle Club a club, but it is also considered a competitive team. This year the team competed in postal matches, sectional matches, and their annual shoulder-to-shoulder matches, which were held in Peoria. All the students are usually competing for a team score, but some compete for individual scoring.

Mr. Oliver, Rifle Club advisor, said that this is one of the most expensive schools sports. The club is given ammunition, targets, and loaned guns from the Federal Government.

The rifle range is located at North Campus.

## Tri-Mic

Tri-Mic, one of the first vocational clubs at UT, has a new advisor. After assuming the position for ten years, Mr. Gary Pregracke decided to leave Tri-Mic. Now this vocational club, which covers such things as machine shop, welding, wood shop, and drafting, is under the advisorship of Mr. Ronald Sonju.

Tri-Mic, which stands for triangle and micrometer, has no one purpose. Some of the goals are to build character in its members, to help members by giving them confidence, and to help them get along with people.

But mostly Tri-Mic gives its members a chance to share common interests. It is a chance to discuss and plan the future.

Some of the activities Tri-Mic provides are picnics, dinners, bowling meets, and volleyball nights.

## CHEERLEADING

# "IT'S WORK, BUT IT'S EXCITING; YOU GET CLOSE TO PEOPLE"

Kathy Bunch, Senior

During the summer the varsity football cheerleaders went to a cheerleading camp in Galesburg and spent four long days working together as a squad. They brought home many new cheers and ideas to change some of the styles and techniques that have been used in the past.

Basketball season quickly fell upon us. And so did the first basketball cheerleading tryouts. Just two weeks before the first game, veterans Mary Adlfinger, Kathy Bunch, Mary DeSmet, Erin McCarter, Denette Senn and Tammy Shamsie worked hard teaching mounts, formations, and cheers to newcomers.

"The '77-'78 wrestling cheerleaders are one of the most dedicated and enthusiastic squads we've had", said Mrs. Pat Hanlin, coach. "This is partly because of the closeness they feel to the wrestlers and the sport of wrestling." Not only do these girls cheer for the wrestlers, but they make posters, decorate the locker room, and write to the individual boys to encourage them before a match.

1. Varsity wrestling cheerleaders yell out what all dads want to hear. 2. "Go Panthers Go! We know you can do it" is just one of the many cheers the varsity cheerleaders do during a game. 3. # GIRL'S GOLF, GIRL'S BOWLING

## "THERE WAS MORE SPIRIT AND TOGETHERNESS THIS YEAR"

Coach Ron Holmer enjoyed coaching girls' golf for his first year. "We had a good time", he said. "This was the year for rapid improvement."

Though they had a losing season, the girls improved their scores. Ruth Klauer started off the season with 80 to 90 strokes and ended up with approximately 60.

Though the weather wasn't as bad as last year, there were times it gave the girls trouble. In the district tournament, Coach Holmer pulled the girls out of competition after only six holes. Freezing rain and a 38° temperature were the reasons. To continue to play would have meant three more hours in the rain.

Coach Holmer believes the girls have the potential to make a good team. They just need more experience. He said that Annette Henry, senior, was the only one who could hold her own in competition with the other schools.

### Girl's Bowling

Girls' bowling, however, had a much better season.

The twelve member team, coached by Linda Wadsager, lost only four matches. And they won second place in district play.

Coach Wadsager said they had "every hope of going to state. It was a great disappointment not making it."

The district tournament started at 10 a.m. There were three games in the first round and six games in the second. The team's chances to win were good until the last game, which they lost by 60 pins.

Coach Wadsager attributes the loss to the fact that the district was bigger this year with more competition.

## GIRLS' TENNIS

# "STATE FINALS MADE LONG HOURS OF PRACTICING WORTH IT"

Mary Jeanne Vyncke, Senior

**P**laying on the newly resurfaced courts, the girls' varsity tennis team highlighted its season by winning both the Western Big Six conference title and the District championship. Although victorious in but six of fifteen dual matches, the Panthers played their best tennis during the tournaments. The Western Big Six conference win featured a third place in singles by senior Mary Jeanne Vyncke. The District win was due to the fine showing of two doubles teams which qualified for the state finals (Vyncke and her partner, senior Shelly Laud, and the Holmes-Wiedenmann duo).

Underclassmen dominated this year's 18 member squad as there were but two seniors. Playing in the varsity singles matches with Vyncke, Laud, Lori Holmes, and Wiedenmann were juniors Sharon Holmes, Kim Benson, Rhonda Correll, Brenda Sheley, and freshman Julie Ackeberg. Joining this group for doubles play were junior Amy Davison, sophomores Karen Juehring and Susie Vyncke, and freshman Karen Sheley. Rounding out the squad were juniors Carole Nemerguth and Donna Hunt, sophomores Lisa Johnson and Sandy Tyler, and freshman Cheryl Wiedenmann.

A fitting climax to the season were the winners of the special awards as voted by the entire team. For the second year in a row Mary Jeanne Vyncke was elected Captain; Julie Ackeberg was elected Most Improved Player; and dual awards went to Lori Holmes and Karen Wiedenmann as the result of a tie for Most Valuable Player.

### Junior Varsity Girls' Tennis

Practicing from 3 to 5 o'clock every afternoon at North Campus, the girls' junior varsity tennis team ended a winning season this fall with a record of 9 wins, 5 losses and 1 tie.

The team was coached by Mr. Adamson for the second year. Mr. Adamson admits that his title of assistant girls' tennis coach is rather misleading, since he coaches the freshmen and sophomore girls in order to give them training and experience for when they move on to the varsity team.

## GIRLS' BASKETBALL

# "TEAMWORK IS THE BASIS OF OUR SUCCESSFUL TEAM"

penny draper, Senior

Before the season was under way, Coach Doug Strand predicted the way the girl's basketball season would go. "I look forward to a winning season. I want East Moline to be the team to beat," said Coach Strand.

The Panther gals did indeed compile a winning season and provided stiff competition to their opponents.

"We have a well-balanced team that's learned a lot. Its young-made up of juniors, sophomores and one senior," the coach said.

The team had depth in scoring with Lynda Talley, center, along with Sue Randolph, Tammy George, and Diane Zmuda dominating the boards in the dual center offense. Penny Draper (the lone senior), Peggy Downing, Cheryl Pittman and Ann Debowski rotated in the three guard-forward positions as well as Kathy Putt, Sylvia Allen, Sharon Bailey, Kim Klinefelter and Teri Greer.

"The girl's basketball program is slowly improvising," said Coach Strand. "There were four freshman games this year while last year there were none. We have more fans and therefore bigger crowds at games too."

Coach Steinmetz also accomplished his goal for the JV team. "The major goal for the JV team is to let everyone gain playing time," he said.

The nearly 20-member squad of freshmen and sophomores all saw plenty of action, winning many of their games by large margins.

Adding to the basketball program were the cheerleaders. Taking time from their boys cheering schedule, the freshman, sophomore and varsity cheerleaders took turns cheering for all home girl's games and many away games.

2

The volleyball team started practice far ahead of the season this year. Coach Eldon Partridge worked on the team's weaknesses until they had improved greatly in aggressiveness and take-charge attitude. This paid off as the girls came out of the season with an overall 10-4 record.

They placed third in the Quincy Tournament, but lost a disappointing first-round match to Rock Island in the district tournament.

There were four returning lettermen this year. Coach Partridge expects five more next year.

With growing appeal, the future looks bright for the girl's volleyball team.

## GIRLS' TRACK

# "IT IS A LOT OF HARD WORK BUT THERE'S SOME GOOD REWARDS

cheryl pittman, Junior

### Girls' Track

The girls' track team had a great deal to be excited about this year.

There were a lot of meets set up, a lot of new freshmen talent coming in, and a lot of left-over enthusiasm from last year's state championship.

Coach Carlos Ferreri was confident from the start. "Track is a lonely sport. It's not a spectator sport, and it's often the dedication, not the glory, that keeps the girls going."

The girls track team had the dedication to keep them going.

### Girls' Softball

"We're looking forward to a very good season and a lot of hard work," said Karen Winger, one of the three returning seniors on UT's girls softball team.

Sporting a young team of mostly sophomores, the girls are facing an expanded softball schedule this year. There is a double-header at Quincy in addition to a newly found Western Big Five Conference.

With the season beginning in April, softball Coach Ramirez began tryouts in March. The returning lettermen began practicing before the new recruits tried out. The result was nearly 25 people on each team practicing daily.

"Coach Ramirez helps the team a lot. He takes part in the practices by running with us and that helps us get in shape," said Karen.

Girls softball is on the rise at UT. "Many people don't realize you can receive a varsity or J.V. letter in softball because it takes place in the summer.

## FOOTBALL continued

The 1977 Panther football team won only one game all season, but they brought honor to UT by playing with pride and courage.

You might say that the football players were winners in everything except the win-loss column. Misfortune, bad breaks and a series of major injuries severely hurt the team's chance for victory.

Oscar Snyder, Dusty Coder, Toby Liedtke, Jay Robers, Kurt Simmons and Brent Mosley were all injured and lost for the season.

All the games were close and tough battles down to the last few seconds of play, but still the Panthers came through with only one winning battle (the season opener against Quincy).

At the annual awards banquet, Mike Jacobs received the award for the Most Valuable Player, Alex Terronez was voted Most Improved, Kai Togami and Mike Jacobs were Team Captains, and Greg Kinman earned the Scholastic Award.

### Sophomore Football

At the beginning of the season, well-placed passes from Darren (Bobo) Butler to Eric Walker and Kurt Wiegal provided much of the sophomore's offensive power. As the season progressed the offense was propelled by the power running of Brock Coverdill and the breakaway running of Andre Cuerington.

Much of the success of the running attack was due to the improvement of the offensive line made up of Scott Etzel, Eric Esperne, Rob DeWalsche, Jay Bjork, Randy Theuninck, Chris Columbia, and Wade Burkland.

At the annual awards banquet, Darren Butler and Brock Coverdill were named Captains; Most Valuable Back was Andre Cuerington; Mark Shields was Most Improved Back; Most Valuable Lineman went to Randy Theuninck; and Chris Columbia was named Most Improved Lineman; Best Tacklers were Cory Lenger and Eric Walker; and Captain of the Specialty Teams was Jorge Tapia.

## CROSS-COUNTRY

# "TEAM DEPTH WAS THE KEY TO THIS YEAR'S SUCCESS"

Mark Pirmann, Junior

Do you enjoy running 60 to 80 miles a week? Do you enjoy weightlifting? Most of all, do you enjoy being in extremely good health? If you answered "yes" to any of the above questions, cross-country could be just the sport for you.

According to Mr. Gary Phillips, coach of the Quad-City Conference Champs, cross-country running is very enjoyable. "You are surrounded by beautiful scenery. And even after the toughest race, you recover fully and feel good within five minutes."

The Quad-City championship was claimed by the UTHS cross-country team this year for the first time in 15 years. Coach Phillips felt that one reason for this was that the team had extreme depth. UT's third, fourth, and fifth position runners were as strong as or stronger than the competition's runners. The team's record of 10 wins and 1 loss was the best in UTHS history for cross-country.

At the end of the cross-country season, UT ranked 25th among all teams in the state.

Talent will not be lacking in the next year's team, says coach Phillips. There will be 29 returning runners in the fall. They will be ready to win it all.

LEONARD SCHWIGEN

1. Mark Pirmann normally runs with his wrist muscles too tight and that affects his arm action. The towel causes him to hold his hand differently, relaxes the wrist, and results in a more natural arm swing. Several other runners carry sticks or a small baton. 2. Behind all of the others, the lonely runner keeps pushing on. 3. During the homecoming assembly, the Quad City Metro Champs were honored. 4. Bruce Bell jumps the gun.

## BOYS' GOLF

# "THE TEAMWORK INVOLVED WAS REWARDING AND FUN"

Hayden Parks, Senior

Golf ended in the fall this year . . . not to return until next fall. The spring season was cut from the schedule, much to the despair of UT golfers.

The team still worked hard and won a fourth place finish in the Western Big Six competition. Much credit goes to coach Roger Damhorst who kept his team in shape. They practiced four or five days a week, playing nine holes a day, to sharpen their competitiveness.

The season is composed of seven accumulative rounds played at six different courses around the Quad-Cities.

Minus a spring season and four of this year's five top players, next year's team will be a bit inexperienced. John Schaubroeck, who held the number one position, and Scott Klouser, who was number six on the team, will return to keep the momentum going.

1. Mark Mitchell studies to make this a sure putt. 2. Moving swiftly, they're off to the next hole. 3. Varsity golfers are Coach Roger Damhorst, Hayden Parks, Paul Ivanowski, Dean Veskauf, John Schaubroeck, and Mark Mitchell. 4. Dean Veskauf gives a hard drive to the green.

## BOYS' BASKETBALL

# "OVERALL THE SEASON WAS VERY SUCCESSFUL"

bryan garner, Senior

Coach Cliff Tally knew this would be a good year. With only four seniors gone from last year's team, hopes were high. The team finished with a 17-6 season's record.

As in any other season, there were some highs and some lows. Brian Officer, last year's top scorer, was lost early to a knee injury. But the team bounced back and won their own Thanksgiving Tournament.

With a share of the Metro title, the Panthers just missed a shot at the Western Big Six title with a tough loss to Quincy.

Near the end of the season the team earned honorable mention in the state rankings. Coach Tally said, "This special recognition made the team push even harder."

But their door to the state competition was closed when they were defeated in the regionals by Rock Island.

The sophomores won it all in their conference. They were 12-0 in the Quad-City Metro and 9-1 in the Western Big Six.

They won three games in their sophomore invitational: La Salle Peru, Galesburg, and Pekin.

## WRESTLING

# "ANOTHER GOOD YEAR FOR THE ONE-ON-ONE SPORT"

Kai Togami, Senior

Three wrestlers qualified for State this year, compared to last year's one. And the Quincy Invitational championship was won again for the seventh time in 10 yrs. Thus, it was another successful year for the UT grapplers.

Practicing everyday for two hours has made the wrestling team almost like a family. "We get very close," said Coach Bert Hanlin. "We help each other."

The team was very proud when Kai Togami (119 lbs.), Dan Kinkead (126 lbs.) and Joe Collins (132 lbs.) qualified for State. Each one placed in his weight class. Kai and Joe each placed 7th and Dan placed 8th.

One freshman and two sophomores were chosen for this year's varsity wrestling team. The two sophomores were Brock Coverdill and Poncho (Jerald) Johnson. The freshman, Keith Pier-sall (105 lbs) placed 4th in the district. "Very seldom do we have two sophomores on the team," said Coach Hanlin, "Not to mention one freshman."

## BOYS' TENNIS

# "TENNIS REQUIRES SKILL, AGILITY, AND BRAINS."

Mike Woodruff, Senior

Losing only three players from the 1977 squad and returning five varsity lettermen, three junior varsity letterman, and a promising freshman, the 1978 boys' varsity tennis team expected to improve upon last spring's 7-10 record.

Graduating from last year's team were Randy Heizer, Ed Debowski, and Bob Housholder. Heizer and Debowski played number one and two in singles and number one doubles, qualified for state in doubles, and helped UT tie for 33rd in the state.

This year's success rested on the shoulders of lettermen Scott Reynolds and JV lettermen Mike Woodruff, both seniors; letterman Mike Haskins, Bill Hughes, John McGehee, Dave Moore, and JV letterman John Odendahl, all juniors; sophomore JV letterman Steve Gibbon, and freshman Brian Dahlstrom.

1. Steve Gibson watches his fine overhead hit its mark. 2. Mike Haskins follows through on a forehand shot. 3. Bill Hughes draws back to hit a forehand shot. 4. Scott Reynolds readies his serve. 5. This year's guys tennis team is composed of (front) Brian Dahlstrom, Mike Woodruff, Steve Gibbon, John Odendahl; (back) Bill Hughes, Scott Reynolds, Mike Haskins, Dave Moore, John McGehee. 6. ## BOYS' TRACK

# "THE TIME TO RUN HARD IS NOW AND NOT LATER"

Randy Stotmeister, Senior

What type of person is a track man? First he may be a very devoted individual. He must be self motivated and eager to put in several hours of training with little recognition. Coach Jim Wesselmann commented, "A track man has a certain goal, and it is the achievement of this goal that is the important thing."

Boys' spring track season begins with two months of indoor track, which is basically a pre-training period. The boys work out several times a week with a variety of exercises including stretches, jogging, and some weight training.

When asked how he felt about the season, Coach Wesselmann replied, "I expect to see some very good performances by individuals. I feel we will do especially well in big meets."

## BOYS' BASEBALL

# "SIX RETURNING LETTERMEN WILL HELP US WITH THE REGIONAL"

Craig Emery, Senior

### boys' baseball

The varsity baseball roster was in large part made up of many juniors and seniors who had no previous varsity experience. This meant extra hard work during the playing season. But, by tournament time, the team was highly competitive and had a chance of advancing a good distance.

The toughest regular season opponents were Peoria Central, Alleman, Rockford Boylan, and (as always) Davenport West and Davenport Central.

### boys' intramurals

"Sink it! Sink it! Swish! Swish!" These were the words of the Boys' Intramural cheerleaders, cheering on juniors and seniors during their intramural basketball game.

For six weeks, these guys practiced. Juniors practiced on Tuesdays and Thursdays and seniors on Monday and Wednesday. They were under the supervision of Mr. Dick Lee.

The day of finals was the big day. The seniors defeated the juniors 118-104. Coach for the juniors was Jim Robbins and the senior coach was Jay Goebel

## RABBIT? YOU SAY YOU SEE A RABBIT?

The house lights dimmed, a hush fell over the audience, the curtain opened, and the fall play "Harvey" began.

But little did anyone know that there was a lot more to the play than what the audience saw! Behind-the-scene crews took care of the hustle and bustle of lighting, make-up, props, sound, and set construction.

Minutes before the opening curtain went up, the girls in the play received flowers and Mr. Schmidt gave the cast a "pep talk" and encouraged them to do well.

Encouragement may not have been all that was needed as the mad rush to change the scenery had to be done within sixty seconds. But, because all the scenery was joined together, the average time for change was fifty seconds.

"Harvey", was considered a big success, thanks to the director, Mr. Mike Schmidt; assistant director, Amy Ball; the cast, crew, and the six-foot invisible rabbit.

1. A director's job is to direct, but Mr. Schmidt always tries to do just a little more than that. 2. Nurse Kelly dismisses the orderly. 3. Orderly Duane Wilson gives farewell to Doctor Sanderson. 4. "And sometimes, Doctor, even I can see Harvey!" 5. Friends of Harvey help with seating arrangements.

1. Nurse Kelly tries to grasp the concept of Harvey. 2. Taxi driver E.J. Lofgren induces a change of heart in Veta Louise. 3. A pleasant Elwood tries to explain Harvey. 4. Dr. and Mrs. Chumley discuss a dinner party. 5. Andy Finkbeiner's talent is shown in his rendition of Elwood and Harvey. 6. Cast members were Jeff Longbons-E.J. Lofgren, Tracey DeTaeye-Miss Johnson, Brian Hunter-Lyman Sanderson, Chris Saelens-Ruth Kelly. 7. Mike VanBelle-William R. Chumley, Joan Nicholson-Veta Louise Simmons, Martin Dawson-Elwood P. # "FIDDLER" PACKS 'EM IN, BRINGS THEM TO THEIR FEET

More than two months of hard work and frustration came to an end on Thursday, February 2. That is when the final curtain came down on the musical, "Fiddler on the Roof".

Fiddler was first presented on February 1 to a near-capacity house. The cast received a standing ovation for a well-done production. On closing night the show was presented to a standing-room only audience and once again the crowd rose to its feet even before the curtain closed.

Things didn't always run as smoothly as they did during the performances. In the final week of rehearsal everybody was so excited and eager to do their best that sometimes props were left on stage, the set was bumped into, and inevitably some lines were forgotten.

Not only was there rehearsal every night, but on weekends the set was built and repaired. The set was designed by Mr. Michael Schmidt, director, and Andy Finkbeiner, junior. The set was built almost entirely by students under the direction of Dale Morrow and Martin Dawson, both seniors.

Joan Nicholson, assistant director, pulled all the loose strings together and made the whole operation run smoothly.

So much effort by so many people went into this successful production. Principal Stan Sosnowski said on the morning after the play, "This is the best production at UT in 15 years. It was presented by a great group of students."

This was the first show at UT in many years to be a complete sell out.

# COFFEE, TEA OR PANTHER PLAYERS?

Three thousand years ago, the Greek playwright Euripides wrote a play entitled *Trojan Women*. This was to be performed in a contest before the rulers of ancient Greece.

The play was shown once again in contest, this time by UT students under the direction of Mr. Michael Schmidt.

The cast was picked by Mr. Schmidt one month before the play was to be performed at the district contest.

"Since I have no try-outs for the one-act, everytime someone tries out for a show they are also trying out for the one-act," said Mr. Schmidt.

In January, a chili supper was held by Panther Players. Since the one-act is never presented before a paying audience, something had to be done to raise money for it. Mr. Schmidt said, "The chili-supper was a success in the sense that it made money and it got over one hundred people involved. This included some parents as well as Panther Player members."

Mr. Schmidt feels that a large cast and many special effects is the way to capture a first place trophy. A fog machine was purchased for the show. (UT is fortunate to be one of the few schools to own such a machine). He also has many other special effects planned. He feels that it will take a stage crew of about sixty to put the set together and take it down in the allotted time.

Last year's show, *The Menaechmi*, won fourth place in the state.

# AWARD-WINNING BAND PLAYS ON

Mr. Mallie Williams has been director of bands for 26 years. He directs Marching Band, Concert Band, Freshman Band, North Campus Band, Freshman Prep Band and Jazz Lab.

Marching Band performs during half time at football games and is made up of sophomores, juniors, and seniors. This band turns into Concert Band after the football season ends.

Pep Band performs during the basketball games, but is not a class.

The Freshman North Campus Band is made up of advanced freshman students. Freshman Prep Band is comprised of beginning freshman students.

Jazz Lab is a select group of juniors and seniors who perform pop music at area functions throughout the year.

The overall size of band is increasing. About 25 seniors will be graduating this year, but there are twice as many freshmen coming in. The bands played at concerts for grade schools in addition to entertaining fans at football and basketball games.

Mr. Williams is a busy man, teaching five different band classes in addition to guitar and theory and harmony classes. "We try to help anyone who wants to do anything in music. Kids need help in music and if it takes extra hours after classes to do it, I'm willing to help," said Mr. Williams.

## UTHS students honored

**SCOTT CULLEY** and Steve Darby, both students at United Township High School, have been invited to join the United States Collegiate Band, a highly selective musical organization, for a concert tour of Europe this coming summer.

Scott, a drummer, is the son of Mr. and Mrs. Raymond Culley, Silvis. Steve, a trumpet player, is the son of Mr. and Mrs. J. Godfrey Darby, East Moline. Their band director at UTHS is Mallie Williams.

The invitation to tour with the band was received from Prof. Al Wright, band director at Purdue University. One hundred students were invited from throughout the country. The concert tour will cover seven countries — England, France, Germany, Austria, Italy, Holland and Switzerland.

The group will assemble in New York in mid-July and will give concerts at Lincoln Center and Rockefeller Center before departing for Europe.

Both Scott and Steve have been active in UTHS musical groups and both were selected for the Quad-City high school honor band. Scott is president

## About People

BEFORE Ray Smith and his wife, Helen, retired and moved from East Moline to Cape Coral, Fla., two years ago, he had fair luck with a "modest backyard garden" each year.

Since moving to Florida, however, Ray has become such an extraordinary gardener that the Cape Coral newspaper, *The Breeze*, recently did a full-page feature article on him.

During the last few weeks, Ray has been pulling foot-long carrots from his Florida garden and he has more pole beans, turnips, eggplant, bush beans, peppers and onions than he knows what to do with.

Smith has adopted an "if my friends could see me now" attitude towards his garden. He added that many of his East Moline friends, remembering his

would find it hard to believe that he now Cape Coral's No. 1 gardener.

"I'd love to see the look on the faces if they could open up the papers in the wintertime and see Ray Smith working in his garden," Ray is quoted as saying in the newspaper article.

**GLENN WHITE** of Davenport, 39-year employee of International Harvester's East Moline plant, recently was named "barbershopper of the year" by the Chordbusters Barbershop Chorus.

White has been a member of Quad-City barbershop group for years and the award he received cited his "unselfish devotion" to the organization.

White's wife, Evelyn, daughter, Janet Berry, sing with women's barbershop chorus, while Gary serves as director of the Chordbusters chorus.

Some of the other awards went Marvin Bergwald, Rock Island, outstanding new member; Jim Kiernan, Rock Island, Mr. Barbershop; and Amos Glanz, Bettendorf, Mr. Mus-

# CHOIR NURTURES ABILITY, ENERGY, AND DISCIPLINE

## Chamber Choir

If you're willing to raise your voice in the morning, Chamber Choir is for you.

Chamber Choir has about three concerts a year. It's a good time to start building up the energy, self-discipline and strength for concert choir, the next step for people who are serious about singing.

What's it like to work with people in chamber choir? According to Mr. Donald Dyer, director of choirs, "It's a tremendous joy to work with students growing musically and vocally, and to watch the growth in their love for music."

## Concert Choir

Concert Choir . . . Mr. Dyer's "ultra-select" group. These are the people who join together to sing at concerts on television, and radio.

Concert choir toured the area, showing young people what choir is like. They also sang at LeClaire Hotel, the East Moline and Moline Rotaries, and in assembly at North Campus. As for the media, concert choir was on three radio stations and on WQAD television station.

But it wasn't all fun and concerts this year. Anyone who had friends in Concert Choir probably heard a lot of grumbling about sight-reading. Sight-reading is the ability to pick up a piece of music, be given a pitch, and sing the piece through, perfectly pitched and rhythmically.

## English Hand Bell Choir

Just what is handbell choir, anyway? Obviously, it's a choir that plays handbells. If anyone can read notes, and is willing to practice and work hard, he can sign up for bell choir. What he does is line up with his not-so-small English handbells, and when a note assigned to him comes up, he rings the corresponding bell . . . Simple? Well,

there's a saying that simplicity is beautiful, and that's definitely the kind of sound you get . . . beautiful.

This year hand bell choir played for many women's clubs and at Augustana College Sectional.

## 5th and 7th Hour Choirs

Singing's easy. All you do is say the words in time to the music, or just fake it. There's always someone else who's loud enough to cover up. It's an easy grade to get. Right? Wrong! When you get into Mr. Dyer's 5th and 7th hour classes, you work hard . . . and everybody sings.

Guy really started to get involved this year. Perhaps it's because there's more time without the split schedule at North. From among everyone in the singing classes, 70 were freshman guys.

"We're trying to rebuild the choirs, starting with the freshmen. We hope to get eight singing choirs soon," said Mr. Dyer.

"Singing is not for sissies," he said. And he repeated this over and over to his choir members throughout the year.

## New horizons

1 The Kodak display was brought to UT this year by Mrs. Kramer for students to see prize-winning photographs. 2 No, it's not the three banditos. It's a singing group performing for the foreign language classes. 3 "Olé!" roared the crowd in response to the popular Flamenco Dancers.

# SEX EQUALITY INVADES THE WEIGHT ROOM AS GYM CLASSES GO CO-ED

Strange things are happening in the P.E. department this year. You say you walked by the weight room and saw girls lifting weights, but you didn't believe it? That's nothing! Walk into the wrestling room and you can see a real exciting wrestling match — girls against the guys!

The UT physical education classes went all co-ed this year. Department Chairman Al Zimmerman said it has developed into one of the best programs around, and that most students approve of it.

There had to be some rule modifications for the contact sports. Guys cannot hand the flag football off to another guy, and guys cannot block a girl as hard as they can other guys. However, it is sometimes hard to get girls interested in these sports despite the rule modifications. (Likewise it is hard getting a guy interested in a class such as dance, which is popular with girls.)

Some students complained about the inequality in grading. "The girls do far less sit-ups and four-count burpies for the same grade as the guys," said Jim Jesuit, junior.

The men teachers had no trouble adjusting to the change, but the women had a few trying experiences. One teacher commented that she would have to buy a megaphone as she was overwhelmed at how loud male voices can get.

Where will all this "equality of the sexes" lead? Not so far as into the locker rooms — at least not for a long, long while.

## Battle over for 'Happy Warrior'

### Successor takes Hubert Humphrey

ONLY Mass. (UPI) — Hubert Horatio Humphrey, a man of joy who personified Democratic liberalism, died Friday night at the age of 80 after a long battle with cancer. His body was flown today to Washington.

Humphrey died peacefully at his home in accordance with the wishes of his wife, who had just turned 80. She died last week in a hospital. Humphrey had returned to his comfortable house just before Christmas.

AUTOMATICALLY, he was planning to return for the opening of Congress next week, but he suddenly died Friday, leaving behind a comma and died without pain. Humphrey fought with his wife, his three sons and his beloved grandchildren.

The beloved son of Humphrey's grandchildren, Sen. Wendell Anderson, D-Minn., on Saturday, spoke to the nation's capital.

He arrived at Andrews Air Force Base on Saturday morning, a delegation of officials headed by

Sen. Walter Mondale, who announced Humphrey's death.

He was buried at Camp David, Md., where he had been staying since his wife died.

His remains will be returned to St. Paul Sunday afternoon for burial at the Minnesota State Cemetery.

He will be laid to rest next week at House of Prayer Episcopal Church in St. Paul. Humphrey will be buried in the same cemetery as his father, Senator George Ladd Humphrey.

IN THE SADDEST moment of my life — said a friend, Walter Mondale, who announced Humphrey's death.

He showed as love for the wife, and with meaning. He was more than the son of my father, he was almost

the son of the nation. From time to time our nation is faced with a choice of men and women who have the ability to bring a better vision of what America can be. Such a man, Hubert Humphrey, was such a man.

He was born from the soil of this country, and he died in service of the people.

### Even at 80, Humphrey led Senate

BY ROBERT K. MILLER JR.  
Special to The Dispatch

Hubert H. Humphrey was the consummate senator and the consummate leader. He had the unique gift of making the impossible seem possible.

For example, in the fall of 1970, Humphrey helped the Senate negotiate a long-term peace between Israel and the Arabs. Some politicians called it a cynical ploy.

When Israeli Prime Minister Menachem Begin agreed to a cease-fire, Humphrey negotiated with him to make the peace official.

SUCH AN APPEAL

Menachem Begin is a strong, determined man.

The Jewish coalition leader of the American left.

The same was true about

Richard G. Lugar, R-Ind., a lawmaker who has been

working to bring the two sides together.

He is the new senator from Indiana.

The pool, discipline codes, a new superintendent . . . our theme "Different Things" symbolizes this year in a special way.

We would like to thank Mrs. Mary Conger for all the hours of understanding and help she gave.

Thanks also go to Frank Pompa (who drew Pete on our cover), Howard Dusek, American Yearbook Company, Dee Cordell, the business teachers at South Campus, Adolphi Studio, and to everyone else who was involved in the hectic process of putting together this year's Skyline.

In seven months we "ate, slept, and drank yearbook." People on the outside can't know the work involved in putting together a 256-page book for spring delivery.

Noise, unkept appointments, pictures that had to be retaken (and retaken again), slip-ups, goofs, inconveniences . . . for all of these we are sorry.

This book is dedicated to the class of '78. We have tried to capture this year in stories and pictures so that you can always remember your senior year.

1. Omni became a favorite disco spot for Sunday evening high school dancers. 2. A "new kind of insanity" is sweeping the country via Steve Martin. He is just "a crazy kind of guy". 3. "Saturday Night Live" was a sensational TV show that kept many in fits of laughter. 4. "Laverne and Shirley" topped the TV ratings with the 50's kind of humor. 5. Bing Crosby's death left Bob Hope on the road alone.

## SWIMMING CLASSES IN GYM . . . WET HEADS . . . DIVING . . . SWIM TEAM . . . WATER SHOWS . . . MAYBE SOMEDAY A STATE CHAMPIONSHIP

We've watched it change from a grassy hock-  
ey field to a hole in the ground to a mass of  
construction. Eventually 25 years of dreaming  
will be ended when the new swimming pool be-  
comes a reality.

This year the federal government granted UT  
1.4 million dollars toward the construction of the  
pool. But this figure could not touch the ex-  
penses, so additional money needed to be raised.

Technically there will be two pools, according  
to Mr. Jerry Miller of Bracke-Miller-Hayes archi-  
tect company. The 45X75 foot pool will be used

for swimming. The other pool, which is 30X40  
feet, will be used for a diving pool. This second  
pool will be about 13 feet deep.

Mr. Miller said that this pool will be different  
from others in the area because it will be better  
insulated, which will save money and energy.  
There will also be special provisions made for the  
handicapped.

Who hasn't dreamed of a quick dip in the new  
UT pool? By early fall our dreams will become a  
reality.

2. The surveyors study the land which holds the promise of a long-desired swimming program for UT.
3. The first bricks have been laid, and momentum is beginning to build in the pool construction.
4. One day, even as early as Fall '78 when the pool is completed, these pictures will be hard to believe.

1. Students studying in the library always had something to look at this year, as changes came about everyday on pool construction. 2. These workers are awed by the job still ahead of them. 3. The cold weather didn't halt pool construction for long, as a shelter was built for the workers. 4. The Quad-Cities had snow cover every day from December 19 through March, making pool construction difficult. 5. These bathing beauties and musclemen can't wait for their first dip in the pool.
